Year 9 Statement of Results 2020

The grades and marks which have been submitted to the School Curriculum and Standards Authority (the Authority) are shown below.

In the column headed "Overall Year Grade" the overall grade for the year's course is shown. Year grades have been determined from several components: classwork, practical work, assignments, tests and examinations. The proportion allocated to each component is detailed in each Course Syllabus.

This grade is submitted to the Authority, together with the Year Mark. The grades submitted to the Authority by the College will appear on the student's Western Australian Statement of Student Achievement (WASSA).

Practical Marks are included where appropriate.
